IDENTIFICATION (200 POINTS TOTAL)

Participants will identify equipment, parasites and breeds/species for a total of 200 points (two points per item). Fifty minutes will be given for this activity. Identification lists are located at the end of this handbook.

EQUIPMENT (50 ITEMS)

Participants will identify pieces of equipment (actual equipment and photos). They will also need to have general knowledge about the use for each item.

PARASITES/MICROSCOPIC (30 SLIDES)

Participants will identify parasites (specimen and photos) and explain the life cycles of selected parasites.

Participants will identify microscopic organisms.

BREEDS (20 SLIDES)

Participants will identify breeds of small and large animals (photos).

PRACTICUMS (40 POINTS) TOTAL

Each team member will perform one handling/restraining activity and one clinical procedure.

Clinical Procedure Practicum (25 points)

Participants will be given one clinical procedure activities to complete (50 points each). Fifteen to thirty minutes will be allotted for this section depending on the activities selected each year. Participants are expected to talk through the clinical procedure steps to a judge as they are being scored. Judges may ask participants for clarification on steps performed. All clinical procedure scorecards can be found at the end of this handbook.

Handling and Restraining Practicum (15 points)

Participants will be given one handling/restraint activities to complete. Fifteen to thirty minutes will be allotted for this section depending on the activities selected each year. Participants are expected to talk through the handling and restraining steps to a judge as they are being scored. Judges may ask participants for clarification on steps performed. All handling and restraining scorecards can be found at the end of this handbook.

TEAM ACTIVITY (400 points)

All 4 team members will conduct research using computer access the day of the contest to develop an information brochure (something that could be handed out in a clinic) regarding the annual team activity topic (see below). The students will have 1 hour to complete the brochure using Microsoft Word. The team projects will be graded for content, spelling, grammar, citing their sources, and creativity/professionalism. Content will be worth 250 points and 150 points will be awarded for creativity/professionalism.
